Summary

- Passionate **Frontend Developer** with **4.5 years** and **3 years** hands-on experience in **Angular** for building responsive and dynamic **web applications**. **1.5 years** experience as **UI Developer.**
- I have hands on experience with the concepts and implementations of **HTML5, CSS3, BootStrap4,JavaScript, AJAX, ES6, Flex** and **Angular.**
- I have worked on different **modules** of Angular in my current project and I am confident to take on projects.
- Adept at implementing modern **UI/UX** design principles using technologies like **SASS**, **Flexbox**, and **Material Design**, ensuring a seamless user experience across devices.
- Strong problem-solving abilities with a focus on creating high-performance, scalable solutions

WORK EXPERIENCE

Angular Developer (project)   SEPTEMBER 2021- Present
Harvest Designs.   *Pune, India*

- **E-COMMERCE Project – Mentioned major points***

- **Developed User Modules**: Built reusable **Angular components** and services to streamline development and reduce code duplication across projects.

- **UI Development with Angular Material:** Created intuitive and responsive UI components using the **Angular** Material library, improving user interaction and design consistency

- **Login & Signup Forms**: Implemented **Template-driven** forms for the login and signup components, ensuring smooth and user-friendly account creation and authentication

- **Reactive Forms for Credit Score Calculation**: Used **Reactive forms** to handle complex credit score calculations, ensuring efficient and real-time form updates based on user inputs

- **HTTP API Integration**: Integrated and consumed **HTTP API modules to fetch**, display, and bind data dynamically, ensuring that user data is always up-to-date.

- **Frontend Optimization**: Applied performance best practices like **Authentication** , **lazy loading**, and **caching** to optimize the frontend performance and enhance page load speeds

- **Performance Monitoring**: Monitored and analyzed critical website performance metrics, such as **page load time** and time to interact, identifying opportunities for improvement and reducing load times

- **Real-Time Data Updates**: Ensured that the application provided accurate and up-to-date information to users in real-time, enhancing the overall user experience

UI (Project)   JAN 2020-AUGUST 2021
 Harvest Designs.   *Pune, India*

- INFINITY DESIGN :- https://infinitydesign.in

- **Worked as a Front-end Developr :-**

- Converted PSD into responsive HTML using Bootstrap 4

- Created interactions using JavaScript/jQuery

- Responsible for browser and environment compatibility.

SKILLS

FRONTEND Skills	Angular 15, Angular 14, Angular Material, Typescript, JavaScript (ES6 and ES7), JSON, FLEX, SASS, Bootstrap4, CSS3, HTML5
Libraries	RxJS, JQuery Plugins.
Version Control	Github
IDE & Tools	Visual Studio Code, Angular-CLI,

EDUCATION

- **Bachelor of COMPUTER APPLICATIONS**

SNDT University, College of Computer
Applications, Women, Satara.
Maharashtra.
